

*Material Haulers are available in aluminum, steel, or stainless.*

## **The DynaHauler/MH Material Hauler Dump Body is our most popular model.**

J&J's most popular product model, the DynaHauler®/MH dump body, is the workhorse of coal and aggregate hauling. These precision-engineered dump bodies are built to specification and will withstand many years of hard service. The aluminum material hauler is light weight, corrosion resistant, and our number one selling commercial dump body. You can rely on the rugged DynaHauler®/MH for all your material hauling needs.

## **Rely on our experience.**

There's no substitute for a truck body built by the experts at J&J Truck Bodies & Trailers. We don't cut corners and we don't compromise on quality. Rely on our 60+ years of experience to build you the dump trucks you want - we'll build them to your specification and application.
